News From Your TOWN HALL

A Town Attorney has been authorized and one hired, officially, by the Commissioners. In order to comply with existing ordinances, this authorization was made and a formal employment of Mr. Beck was made.

Besides granting a few beer and wine permits for colored town and authorizing bills to be paid, the Commissioners had no business.

T. E. L. CLASS HAS ELECTION

The regular monthly meeting of the T. E. L. class of the First Baptist church Sunday School was held at the home of its teacher, Mrs. J. E. Dillard, Jr., Tuesday evening.

Mrs. Dillard presided when the following officers were elected: Mrs. John Harmon, President; Mrs. C. T. Pennington, 1st Vice President; Mrs. E. C. Brown, 2nd Vice President; Mrs. Luther Hayes, Secretary; Mrs. Norman Hayship, Associate Secretary.

It was decided to hold a social to welcome the new members of the class. Plans will be presented at the next meeting which will be two weeks from this date.

After the meeting, Mrs. Dillard was given members of the class and friends.

HAINT MUCH

Since Pearl Harbor, Pullman has carried about 14,000,000 troops, a distance of more than 15 billion passenger miles in its pleasure cars, the company reports. These figures are said to cover mass military movement alone, and do not include the heavy transport of furloughed men, and others.

Taking all of Palm Beach county's 80,000 people and more than eight times would be a tremendous undertaking, yet that is actually being done by the troop movement project reported today by The Pullman company.

MISS SARA CREECH IS BPW PRESIDENT

The Business and Professional Women's Club held its regular bi-monthly meeting at the home of Mrs. Ruth Barron Tuesday night with the president, Miss Sara Creech, presiding.

Plans were discussed for National Business Women's Week and the president gave a report of her trip as delegate to the State Board meeting at Jacksonville.

Mrs. Barron offered the use of the home for all meetings during the winter and this was accepted.

You Automatically Become A-1 if Delinquent Nov. 1

Employers Asked to Help Find Delinquents Before Deadline Set By Officials

After November 1, 1943, all registrants who are delinquent will automatically be classified in 1-A and ordered for induction without regard to what classification they are now in, according to instructions issued by National Headquarters.

One of the chief reasons why a man's delinquency is because he has changed his address for more than five days and has not notified his local board; and another is that he has been sent notice of induction and because he has changed his address without notification, he hasn't received the induction papers; still another is that he has deliberately disregarded the induction notice by not appearing, or by not appearing at the nearest local board in order to comply with the law and get their names removed from the delinquent list.

Major Rupert Smith of St. Augustine stated that there are about 3,700 delinquents in the State system with about 60 percent of them colored.

"The greatest problem," he pointed out, "is those men coming from other boards who are delinquent, and if they have made things right with their local boards by the 1st of November, then there is nothing to do under the regulations but send them notice of induction and get the FBI after them for prosecution."

A fifteen day campaign of education is to be undertaken in order to give these delinquents an opportunity to set themselves right with their respective local boards.

Employers are being asked to fill out a blank giving a man's Continued on page four

Rams To Battle Delay Friday Afternoon Here

Showing individual form and feeling in the playing, but failing to click in team-work, the Rams were pushed around the field considerably by the West Palm Beach team Friday afternoon to the tune of a score of 36 to 0.

Lacking a sufficiency of substitutes, the faithful few took the way of butting, hard tackling and blocking and came up for more—some of them quit. If you would like to have seen a bit more of the spirit and pep towards the last part of the game, just remember that being run over, butted about and tackled by experienced 180 to 200 pounders over a period of time, to sixty yards is not exactly an inducement to spirited movements.

Coach Browning has released a few new players for the Delray game, and checked the blocking and tackling, and has a line up which bids fair to give the Rams the whole show.

Delray is a widely touted team of ability, but they will not find the "crimp" they may have been led to expect.

The following is the proposed line-up:

Belle Glade	LE	Dolsey
St. Augustine	LT	Snook
Lloyd	LG	Hayer
Shriver	RG	Billing
Jeffries	RT	Walker
Waddell	RF	Smith
Smith	RB	Hawkins
Cherry	FB	Turner
Pike	LB	Burton
Wedgworth	QB	Godwin

World War II Veteran Delegate To Legation Meet In Lauderdale

George Bender, holder of a disability discharge from the current War will represent Everglades in the Fifth District Conference in Fort Lauderdale on Sunday the 16th, together with the Commander, Dr. Thomas Dreger.

The local post in its drive for 100 per cent membership by Armistice Day is inviting veterans with honorable discharge to join and have already received a number of applications.

PTA HOLDS FIRST MEETING OF YEAR

The initial meeting of the season was held by the PTA at the High School auditorium Monday night with Mrs. F. D. Stevens presiding over the business session.

The following recommendations of the executive board were adopted by the group: That letters be sent to the Mayor and County Commission requesting the resurfacing of the street on the east side of the school house; That the association sponsor the Club Service for the year; That two meetings each month be social meetings and be held in the evenings.

That the salary of the cafeteria be raised; That the welfare committee investigate cases before serving free lunches to the children; That the welfare committee investigate cases before serving free lunches to the children; That the welfare committee investigate cases before serving free lunches to the children.

A plan was adopted which provides for the appointment of grade during a specified period.

Prof. Holman announced that vegetables raised by school children will be contributed to the cafeteria. The lunch room report showed that 7,800 lunches were served during the month of September.

Rev. Jay O. Jameson was in charge of the devotional and Mrs. Thelma Broger was in charge of the program. She introduced Mrs. Edith Dunbar, physical instructor for girls who talked on Physical Education and its contribution to our health program. She directed a group of Junior and Senior girls in a demonstration of daily class exercises and games.

SERVICE MEN who FIGHT and WRITE

By plane Tuesday and spent the night in Belle Glade with his family. He was on a cross country flight and let Wednesday to return to his base in Albuquerque, New Mexico where he is an instructor of radio.

Sgt. ARNOLD MULLER, Sergeant Muller of Drew Field Temple, is spending a fifteen day leave with his parents, Mr. and Mrs. Peter Muller. He received his promotion to sergeant in August and is in charge of a carpenter shop.

Sgt. H. LOCKMILLER, Sergeant Harold Lockmiller writes from Camp Haan, Calif. "I have been receiving the Herald for some time and have intended to write for quite a while but have been busy all the time and couldn't seem to find the time. I sure enjoy seeing a little news from the good old Glades where I spent over half of my life and have many friends and relatives."

"I surely would like to see all the folks down there again that I haven't seen for seven years and two months. I have been in the Army two years and can't say that I like it as yet, but intend to stay to the end of it. It took me until June to get more than one stripe. I was made corporal one day and two days later I was sergeant. I was handed Tech Sergeant stripes, then about three weeks ago they got mad at me and now I'm just a plain buck sergeant."

"I was on the field for over a year and liked it much better than being stationed at the post or garrison. I am in a mobile outfit and in charge of transportation in my battery, in other words motor sergeant. I don't have to do much, just battalion mechanic, parts man, advisor to other mechanics, gas man, and do some of the paper work."

"Have spent three weeks on the Mojave desert, and that is the worst duty I have had. I had to go to 140 degrees out there and no shade, not a tree in miles and Camp Haan isn't much better. I read the Herald when I was in the U. S. Naval Hospital."

Belle Glade Basing Point For Cabbage And Celery Prices

Pompano Made Basing Point for Beans and Peppers for Florida

The price fixing boys don't know where beans are grown—they listed Pompano as the Florida basing point, which may give us a bit of the advantage from difference in freight.

They forgot that Sanford was supposed to be the Celery center—Belle Glade is the basing point.

Cabbage, also not Belle Glade as a basing point. None of the prices are out of line if they were floors, instead of ceilings. Celery represents the maximum that may be obtained but there's nothing to prevent a farmer from letting two thousand of his stuff stay in the field from lack of price. THE LAW OF AVERAGES DOES WORK BUT UP IN CEILINGS.

A man can still make \$380 per acre on cabbage at the ceiling.

Beans \$400 Dec-Apr; May and June \$3.00.

Peppers: Nov-Dec, \$3.25 Jan-Feb, \$3.50; Mar-Apr, \$3.25 May and June \$2.70.

Celery: Dec-June, per 12 cobs \$2.25.

Peas: No ceiling for Florida-given.

Tomatoes: Dec, lugs \$2.25; Jan-March \$3.50.

Eggplant: \$3.40 Carrots: Calif. \$3.00.

Better Bus Service Announced By Will

L. E. Will, local agent, announces changes in addition to the bus schedule that will allow a person to leave Belle Glade at 8 o'clock in the morning, spend four hours in West Palm, and be back home by 4:30 in the afternoon. Or, if you want to go to the picture show after shopping and have supper ten hours in all, and be back here at 10:15 at night.

The last bus from West Palm leaves now at 8 o'clock instead of 7 o'clock.

If you miss the 8 o'clock bus from Belle Glade to West Palm, there is another one leaving at 10:30, which gives you an hour and a half or eight hours in West Palm.

Additional buses from Miami leave here at 7:40 will get you back in Miami at 7:30 with almost seven hours in the State.

If you want to ride and don't want to make up your mind until last minute, just get on the station any morning from 10:13 to 10:28 or in the afternoon from 4:42 to 5:30 and take your choice, to West Palm, Miami, or Ft. Myers, as they all come thru at those hours.

IS HE WORTH IT?

Cubbing is for boys 9, 10 and 11 years old.

There will be meeting for parents of Cub age boys in the Community Methodist church on Monday night, October 18th for the purpose of rearranging the Den and getting the fall program started.

Since Cub activities are carried out in the boy's own back yard, Cubbing can be successful ONLY IF THE PARENT UNDERSTANDS THE PROGRAM AND KNOWS HOW TO TAKE ADVANTAGE OF IT.

You are asked to invest one night, Monday, October 18th for your son.

Two-Way Radio Phone Seventeen Year Olds With All State Hookup May Finish School While In Training

Tied in with four 250 watt stations and numerous ones of 50 watts Guy Bender's radio telephone sending and receiving station adjacent to his office in the Sanders building, insures this community of continuous and immediate communication with the outside world, and even communication with peace officers. All of this in addition to tying the eight fire trucks of the Everglades Fire Control District to Guy's headquarters.

It makes every Florida Patrolman in the area a fire warden for the reporting of fires. As soon as the young ladies can secure proof that they were born, where and when a twenty-four hours service will begin to take effect.

Tallahassee, Jacksonville, Bartow and Ft. Lauderdale have stations to which the local one can talk, and through them contact every Highway Patrolman in the State. Car to car conversations may be carried on up to forty miles distance and station to station up to 75 or 80 miles.

Because he could tie in with the State Highway Patrol system, Mr. Bender is now able to get his cars equipped with radios and get the master set in his office.

Other peace officers might take a tip from this and make some arrangements for radios and service thru the station; this would complete a very excellent plan for peace officers in the Glades.

The Senior Womens Club has changed the meeting to Wednesday night, October 20 instead of the regular afternoon meeting as formerly scheduled.

Mrs. J. O. Jameson will open her kindergarten at the Community Methodist church on Monday, October 18th.

Regular classes will be held each school day from 9:00 to 12.

Formal Announcement Of Vegetable Ceilings Uncomfortably Delayed

RATION DATAS

Sugar Stamp 14 good for five pounds through October 15.

Gasoline A—coupon 6 good for three gallons.

Shoes Stamp 18 good for one pair until Oct. 31.

Meats, Fats Brown stamps C and D good through October 30.

Blue stamp U, V, and W expire October 20. Blue stamps X, Y, and Z are good through November 20.

Ladie-e-e-e-s and Gentlemen--

It is insisted that he wants the law of supply and demand to regulate the price.

The Florida Vegetable Committee is not officially or legally a part of the Florida Farm Bureau, though its organization and operation is sponsored by prominent members of the Farm Bureau, and enjoys the sympathy and help of the Farm Bureau.

It was necessary to organize the vegetable farmers of the State somehow, it seemed, and they must have finances to promote its organization and the first type of vegetables, decided to go to Washington and influence the OPA in its certain-to-be ceilings on potatoes, as well as other vegetables.

The Board of Directors picked from the vegetable growing communities of the State and having representatives of all the major types of vegetables, decided to go to Washington and influence the OPA in its certain-to-be ceilings on potatoes, as well as other vegetables.

The meeting in Cleveland last Saturday was for the benefit of reporting to the farmers of south Florida the results of the trip accomplished—and that was NOTHING, actually, as far as announced results are concerned.

It was shown, however, that dogged and constant efforts to force these interested combine infomation on cost to produce vegetables, reduced a healthy attitude from the price fixing boys up to the actual announcement of the ceilings. Limitations are that the Labor Leaders to whom a binding promise of a "roll-back" was made, have not yet seen fit to okay, the tentative

So, Florida farmers, despite threats to quit if ample ceilings are not given, find themselves planning every acre obtainable without knowing at what price they will sell the products. Incidentally, the Florida farmer herebefore has always known before he plants just what price he will get for his vegetables when, and if, they are harvested.

OF YEAH, it has always been thus.

Vegetable Committee Reports On Activities In Nations Capital

South Florida farmers ranted and raved at Cleveland Saturday about the price fixing boys in Washington not announcing price ceilings, which are already proposed.

They say: "We want the law of supply and demand to govern the price, because a ceiling is only a figure to be exceeded, and does not guarantee any floor."

"If we are going to have a ceiling, let's have it without this cow-towing to labor and delaying its announcement."

So far no ceilings have been announced on Florida vegetables.

So, exercising that right for which our boys are fighting, the Florida farmer herebefore has always known before he plants just what price he will get for his vegetables when, and if, they are harvested.

OF YEAH, it has always been thus.

Mr. and Mrs. E. M. Willis, son Johnny, Mrs. Laura Crow and house guest, Mrs. E. E. Green were the week end house guests of Mrs. C. C. Hutson in West Palm Beach.

Mrs. Elizabeth Lockmiller of Los Angeles, Calif., is visiting her son and wife, Mr. and Mrs. Kenneth Lockmiller.

CINEMATIC CHATTER

By Malcolm Miller

When "Five Graves to Cairo" is screened this Saturday at the Owl show and Sunday-Monday at the Regal Theatre, five great artists will be seen. Chief of this five some is Eric von Stroheim, who will be remembered by some of the older cinema fans as one of the most hated men on the American stage or screen a few years back... but admitted as a great actor.

"Five Graves to Cairo" Eric has the role of Rommel, "Desert Fox" who was "out-fought" by the American and British in the North African theatre of war a short time back.

On this same program appears a special two-reeler starring Bing Crosby and Bob Hope in one of the funniest pictures under the title "Look before you Hook."

Tuesday - Wednesday brings "Good Morning, Judge," which stars Dennis O'Keefe, Louise Albritton, Mary Beth Hughes and J. Carol Nash. Excellent short subjects and the news round out the show.

Thursday - Friday Francis Langford, Leo Carrillo, Leon Errol and Mary Beth Hughes come in with a delightful musical comedy—sure to mean comedy that label it as a first class light comedy that any type audience will enjoy.

Saturday Tim Holt, who by the way seems to be winning more popularity than his famous "pop" Jack Holt enjoyed, comes in with "Red River Rob-Hood."

FIGHT AND WRITE

(Continued from page 1)
Great Lakes, Ill. after completing her course of indoctrination at Hunter College, Bronx, N. Y. As a student of the Naval hospital her course will include training in bed making, reading of temperatures, pulse and respiration, routine administration of hydrodermics, lectures on eye, ear, nose, throat, dietetics, pre and post-operations care, care of orthopedic patients and general care and comfort of patients.

Upon completion of these studies, she will be assigned to a Naval hospital ward to carry on duties to those of Navy hospital corpsmen.

at least they might as well be because the radio's going lights are on, an iron is turned on - WHEN THERE'S NO ONE THERE. No one to listen, to read, to use the iron. It's a room of WASTE - AND WASTE WON'T WIN WARS.

Electricity hasn't been rationed, you say. That's right, it hasn't. Yes, there's plenty of it, but when you help use electricity, you help save the manpower, fuel, transportation and materials by which electricity is made. You help shorten the war.

That's why our Government has asked seven major industries—coal, petroleum, transportation, gas, electricity, communication and water - to cooperate for wartime conservation. And that is why you are

asked to conserve electricity wherever you can.

No one expects you to gamble good eyesight against bad light, or lock up your appliances, or silence your radio. Go on using electricity for essential

purposes. But don't WASTE it. Use what you need—BUT NEED WHAT YOU USE.

FLORIDA PORTABLE LIGHT COMPANY
Don't forget to ask at our office for your copy of the FREE booklet, "THE CARE AND USE OF ELECTRICAL APPLIANCES IN THE HOME." This special wartime edition is yours for the asking.

FLORIDA is a Fighting State

—AND FLORIDA MOTOR LINES BUSES ARE PART OF ITS FIGHTING POWER

Florida is America in cross-section—fighting mad and fighting hard, doing its level best to back up our troops across the seas with the home-front co-operation they must have.

All of us in Florida are putting the drive that counts behind the particular jobs that are ours to do—whether it's sending our men to the color—building their guns and ships and planes—buying bonds—or moving manpower.

Florida men and women, loyal Florida Motor Lines employees, are busy keeping our buses rolling to help keep our war effort in high gear. They're driving the buses—keeping them mechanically fit—conserving vital materials—giving wartime travel information—handling baggage.

As our share in this state's joint war program, Florida Motor Lines is taking our local boys to induction centers—and bringing them back home from training camps on well-earned leaves. We are transporting our Florida neighbors to their vital jobs in war plants and on farms. We are keeping essential travel on the move—linking up this state with every other area where the Nation's war activities are centered.

Florida is in this fight to win—we didn't start the fight but we're going to finish it!

It Always Pays to Ask!

Even though you have found on occasion that your dealer is momentarily out of JAX Beer, it always pays to ask.

Here's Why:

In spite of unprecedented demand that sometimes creates a "sold out" condition, we are making every possible effort to keep every JAX dealer supplied.

When you find that your favorite dealer has no JAX on hand, ask again the next day because no dealer will ever be out of JAX for very long if we can help it.

Therefore keep on asking for JAX. This grand beer is worth asking for... worth waiting for. We say with pride that you can't buy better beer no matter what you pay.

TO OUR DEALERS

We're leaving no stone unturned to keep you supplied. Naturally we want you to have a stock of JAX Beer. So, naturally, we are going to do everything possible to see that you have it.
